Mr. Atkinson addressed issues concerning PSI, the State's Testing Provider. He reported the issues were resulting from the national as well as international Provider being shut down for approximately a month and a half due to COVID-19. Upon PSI reopening there have been limits to the capacity of people being allowed to test at their testing sites; and with the influx of people worldwide, the demand has created customer service issues of scheduling. Mr. Atkinson reported there had been a high volume of calls to the Real Estate Commission from applicants not being able to be scheduled. The South Carolina Association of Realtors had also reported there being a high number of calls on this matter as well.

Mr. Atkinson stated he had spoken with PSI Representatives regarding resolution to the issues of not being able to reach PSI via telephone, phone messages, and emails, etc. He further stated he had reached out to ARELLO and other State Administrators to get feedback to determine if they were experiencing the same issues. Other states reported they had also had similar issues with PSI.

Upon discussions with upper PSI management, Mr. Atkinson stated an action plan had been developed by PSI to address the issues. The plan would address two of the issues, which are as follows:

## 1. <u>Customer Service</u>

In September PSI stated they would give South Carolina a dedicated Customer Service Line where representatives will be assigned for registering and assisting those taking the South Carolina PSI Exams.

#### 2. Test Site Availability

There are PSI partner test sites which are not owned by PSI for the administration of corporate certification examinations. PSI will add 4 additional SC locations for Real Estate pre-licensing exam administration. These partner sites will meet the same proctoring standards as PSI owned testing locations.

Mr. Atkinson stated he would continue to work with PSI on these issues and will continue to have the dialog should the issues persist.

 Commissioner Burnett requested for this matter to be brought up at a later time in the Agenda; Chair Pratt stated this may need to be addressed at another upcoming meeting.

Discussions were held and no actions were taken.
